## Bring Global and RemitOnline announce global partnership

**Lisbon, 18th January 2021-** Bring Global is pleased to announce a strategic partnership with **RemitOnline**, the global leader in remit-tech that support banks to launch, enhance and manage their digital cross border payments and remittance businesses.

Through this partnership, while adding high-value services and capabilities to helping customers at every stage of their digital transformation journey, Bring Global is looking to extend its portfolio and help banking clients to build and grow their cross border business.

“This partnership with **Remitonline** extends our leadership in the area of remittances, a major revenue contributor of many of our customers. The combination of the Remitonline platforms and our global technology and industry expertise will strengthen our capabilities in helping banks with their digital transformation and will enable our customers’ digital experiences”. said **Lars Otten, Bring Founding Partner**.

**Naushad Contractor, CEO at RemitOnline** feels that “**Bring Global** and **RemitOnline** will create an ideal partnership with Bring Global’s reach and Customer base coupled with the proven, scalable and industry leading solutions for managing cross border transactions processing (both personal and business transactions) in an easy, simple and secure manner. It will also enable banks with cutting edge Fintech solutions to give their clients the best options while being fully secure and compliant to regulations”.

### **About Remitonline**

Our solutions to create and manage the cross border money transfer backbone of a bank are capable of simplifying any cross-border transfers by enabling you to offer an affordable, secure, and reliable transaction process to the customers of any Bank, Telco or remittance company licensed to carry out that business.
